	Sleepmonsters Italy	27	Italy	89' 40"

Retired

	Buff Coolmax	18	Spain	
--	--------------	----	-------	--

NOTES

The leading time is less than the race time because teams are "off the clock" for several hours after the prologue.

At TA6 (start of Coastal Boating), the leading teams had a 5-minute staggered start in order of arrival at TA6. These times have been removed from the affected teams 25,20,14,9,4,24.

For weather safety reasons some teams were prevented from kayaking to TA3 (Kilcrohane) at 2-CP4. The affected teams were 27,7,5,15,27,12,17,26. Their times have been adjusted to compensate by subtracting the 2-CP4 to TA3 transport time and adding the slowest successful kayak time (94 minutes by team 18)

Adventure Sport New Zealand: one team-member retired at TA11, remaining continued unranked

Sleepmonsters Italy: unranked for separating during stage 5

Men's Fitness/Cam Racers: no longer competitive due to water rescue and missed checkpoint 2-CP4

Gaeilgoir: no longer competitive due to missed checkpoints and transport by race organisation

Midland's AR: two team members retired at TA6, remaining pair continuing unranked

AR Denny: exited course on stage 5, some team members continued as an unranked team

Peak Adventure: retired from the race at the end of stage 12

Buff Coolmax: retired from the race during stage 5

Issy Aventure Grany were prevented from entering the short course from TA11 (Black Valley) for weather-related safety reasons and so are deemed to be valid short course finishers
